

WOODSTOCK, VIRGINIA.

Wednesday June 19, 1878.

De we Burrmur Without Cause.

In response to a request of certain

point, notwithstanding the great dis- or Mr. Stuart's necessary sequence-a parity between writers in all that would period of depression and bankruptcyattach weight or importance to our resumed their peace prosperity.

Emphatically, but with a deference Smart has reached the conclusion that amounting almost to reverence, Mr. \$600,000.000 is the exact point in the Stuart's letter is such an one as we conclude the expect from a Virginia penture of the expect from a Virginia penture of Lamar capita, our currency, with all proper capita, our currency, with all proper and Hill on the floor of congress, from a deductions, is a fraction less than \$12.00. Senthern standpoint, on the question of That of England is \$34.00 and of a bi-metalic currency, how could we be France \$58,00. And the latter, with double our volume of National circulapelicy of contraction pursued by our mastery ; the whole social fabric escil-

Passing ever Mr. Stuart's very natural lists and Monarchists, McMahon's defence of the United States Bank and ministry changing almost with the seahis interesting review of the revulsions sons, has not yet had her paper money antecedent to this, we come to notice at more than 21 per cent discount, and the real gust of his letter.

First : Expansion and paper money were the result of war.

Second : A specie basis is the only healthful, reliable, and non-fluctuating

dising large sites, and not likely to have its use reduced by demands for exportation. On whole, no method has hitherto been formed to thithe a medium of trade equal in all its adlages to bills of credit made a general legal in part, by the act of 1869. Everything

her twenty years Continestal war, and bad adopted in its stead the one which poverty and desolation to almost every hearthstone and reduced her whole number of landowners to 30,000-resalage that made slaves of all but the citizens of Staunter, the Hon, Alexan- lords of her tenantry; every wageder H. H. Stuart has given, at some laborer being a dependent or a serf of then admenished that our manufacturNo tusiness man was unaffected tut Mr. Stuart's views were sought be- ers cannot compete with the pauper cause of his large experience in, and the productions of Great Britian. If latter great study and thought he has be- day Americans had kept pace with the stewed apon, this and kindred questions advancement of knowledge and science, of public concern. What he says on we would long since have fully comprethis subject is entitled to, and must re- bended the marked difference between ceive, the attention of the reading peo- the tested policies of debtor and crediple of the Valley who have known him ter nations; and, instead of copying shrunk till property owners became so leng and so well, to say nothing after the wounded Emperor whose ranof the prestige which his honored soms so lately filled the German coffers name carries throughout our State and to overflowing, we might have learned Country. We have read the letter wisdom from France, Italy, Austria carefully, and as a journalist we may and Russia, as they emerged from war with becoming diffidence, discuss the ordeals more severe than ours, and same question, from the same stand- without forced contraction, resumption,

By what process of reasoning Mr. tated dy contraction. Have the taxpayers of Virginia, who estimated at \$300,000.

ation, no just cause of complaint? preduction, excusing, justifying the tion; factionists still contending for the statement that they pay \$628,000,000 to of disturbance. This had a most iggine which would result from the has proved itself lating between Republicans, Bonapardirect tribute to privilege being estima- almost immediate annihilation. ted at \$10, per head.

'Over Production."

this only for a very brief period. Considering the vastness of our territorial area and the diversity of our pursuits, would we not rationally conclude that dellars. It was to be money for the shot through the shoulder and arm, but denial of the title of Hayes will 'plung Third: Without contraction there could be no resumption; and.

Fourth: "No just complaint can be made of this we have less than half of the least prosperous of the countries of Europe. Pushing the comparison a fittle further, with a federal debt less than the debt of England, our people, and they made it of 384 grains. The money rings were entrenched against it and 84 cents on the dollar in silver was good enough for the country. But this same power could not consent to let the government buy the silver with greenbacks. The ediet went forth to issue \$50,000,000 in bonds to purchase of the country late anarchy at punity and at New York on Wednesday, brought of the least prosperous of the countries of Europe. Pushing the comparison a little further, with a federal debt less than the debt of England, our people, and they made it of 384 grains. The money rings were entrenched against it and 84 cents on the dollar in silver was good enough for the country. But this same power could not consent to let the government buy the silver with greenbacks. The ediet went forth to issue \$50,000,000 in bonds to purchase it with, so that so much bond.

The stamship Nevada, which against it and 84 cents on the dollar in silver was good enough for the country. Sweden, Denmark and Germany. Six hundred more are expected to arrive with greenbacks. The ediet went forth to issue \$50,000,000 in bonds to purchase it with, so that so much bond.

The stamship Nevada, which against it and 84 cents on the dollar in silver was good enough for the country. Sweden, Denmark and Germany. Six hundred more are expected to arrive with greenbacks. The ediet went forth to issue \$50,000,000 in bonds to purchase the country. The stamship Nevada, which arrived at New York on Wednesday, brought over 341 Mormons from Great Britam. Sweden, Denmark and Germany. Six hundred more are expected to arrive with greenbacks. The ediet went for hundred more are expected to arrive with greenbacks. The country into an arrive of at New York on Wednesday, brought of the a government with the credit of ours should maintain for her people a volin conjunction with a subsequent para-tion, are called upon annually to pay graph and the "hopeful prophecy," that we have just now results for the prophecy," that we have just now reached the point children) in taxation to support general, the people taxed to pay them \$3,000, tate and local government, as against 000 more of interest for the luxury of \$11.41 in France, \$11.09 in England and silver dimes and quarters.

Subsequently, within the last year, The groconstrained to ask when Mr. Stuart learned that there is a general financial depression and how far it has here and Germany less than half of Fathers." The money power rallied been felt by the people? Was it only a hers per capita, each year, while in the Fathers." The money power rallied gether with over 100,000 pounds of been felt by the people? Was it only a day or a week before this letter was written, or was it when the Compression, and swap for \$5. of an or resolved, a fertinglitage, that contraction must go no further? Size 3 Mr. Stwart does not believe the capital in opposition, armed with more specious and islications arguments than ever, backed by a subsidized press throughout the country, with paid attorneys writing to the public and speaking in the committees. The warrenton Enterprise says: 'Coll.' With paid attorneys writing to the public and speaking in the committees. The courage and determination of the warrenton is they will remain at the Warrenton Enterprise says: 'Coll.' With paid attorneys writing to the public and speaking in the committees. The courage and determination of the west drove them from their first line, of entrenchments; but they did not as they never do, surrender uncondition.

Newport, R. L. June 10.—Rev. M. The Warrent and State and

S. W. Pattersou has been appointed United States inspector of tobacco and

In these doctrines the American statesmen generally acquiesced after they had seen and known of the direful by our act of 1869, and none of them they had seen and known of the direful by our act of 1869, and none of them Mass., kept a boy fifteen minutes after
